

# Unit ATLAS

# Patterns of Physical Geography

Use the Unit Atlas to add to your knowledge of the United States and Canada. As you look at the maps and charts, notice geographic patterns and specific details about the region.

After studying the illustrations, graphs, and physical map on these two pages, jot down answers to the following questions in your notebook.

### Making Comparisons

1. Compare the world's longest river, the Nile, to the Mississippi. How much difference is there in the lengths of the two rivers?
2. Compare the landmass and population of the United States to those of Canada. What statement can be made about the two countries?
3. Compare the mountain peaks of the United States to those of Canada. What statement can be made about the height of these mountains?

### Comparing Data

#### Landmass

**Canada** 3,851,809 sq mi

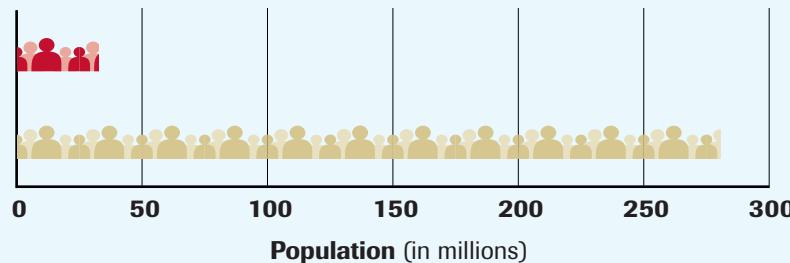

**Continental United States** 3,165,630 sq mi

#### Population

**Canada** 30,750,100

**United States** 281,422,000

#### Rivers

**Mackenzie**  
1,120 miles

**Rio Grande**  
1,885 miles

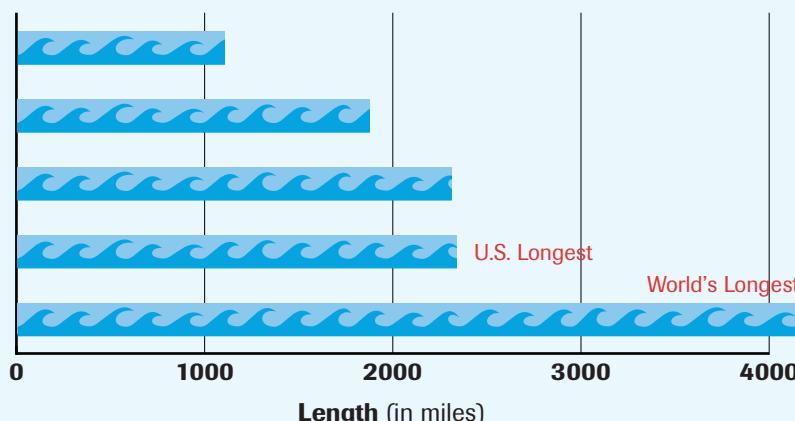

**Missouri**  
2,315 miles

**Mississippi**  
2,357 miles

**Nile**  
4,160 miles

U.S. Longest

World's Longest

#### Mountains

**World's Tallest**  
**Mt. Everest**  
Nepal-Tibet  
29,035 feet

**U.S. Tallest**  
**Mt. McKinley**  
United States  
20,320 feet

**Mt. Logan**  
Canada  
19,524 feet

**Mt. St. Elias**  
U.S.-Canada  
18,008 feet

**Mt. Foraker**  
United States  
17,400 feet

## **United States and Canada: Physical**

US & CANADA

# Unit ATLAS

# Patterns of Human Geography

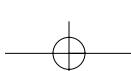

After the coming of European settlers in the 17th century, the political map of North America changed quickly and significantly. Study the historical and political maps of the United States and Canada on these two pages. In your notebook, answer these questions.

### Making Comparisons

1. What differences do you notice when you compare the map of 1600 with the map of the United States and Canada today?
2. Which names of native peoples are found as geographic names on the map on page 105?
3. Which country was more sparsely settled by native peoples in 1600?

**Selected Native Peoples of North America, c. 1600**

## **United States and Canada: Political**

US & CANADA

# Unit ATLAS

## Regional Patterns

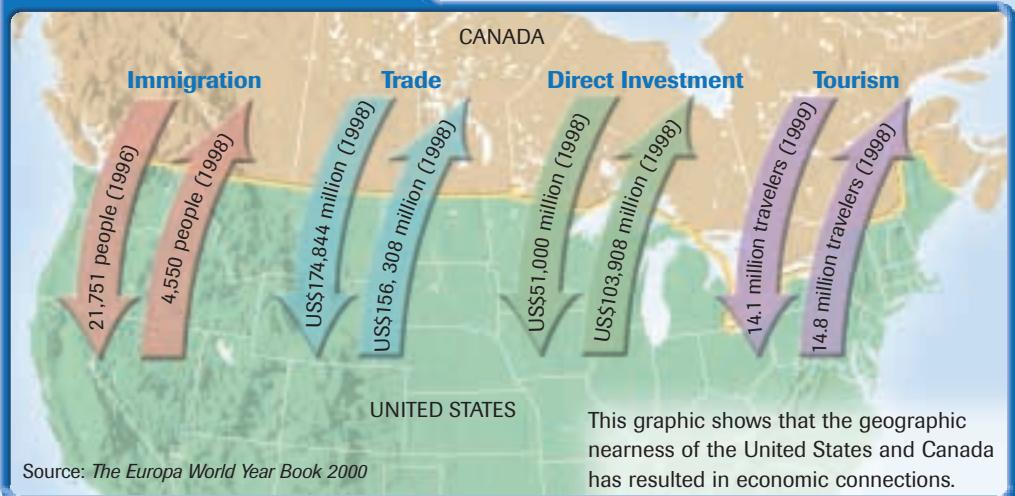

These pages contain three thematic maps and an infographic. The infographic illustrates economic connections between the United States and Canada. The maps show economic activities, population density, and areas affected by natural hazards.

Study these two pages and then answer the questions below in your notebook.

### Making Comparisons

- Where are the areas of greatest population density found in each country? Do settlement patterns have any relationship to the threat of natural hazards?
- Where are manufacturing and trade concentrated in the United States and Canada? Why might this be so?

### Canada-U.S. Connections

This graphic shows that the geographic nearness of the United States and Canada has resulted in economic connections.

### Economic Activities of the U.S. and Canada

## Natural Hazards of the U.S. and Canada

US &amp; CANADA

## Population Density of the U.S. and Canada

# Regional Data File

Study the charts on the United States and Canada and their political subdivisions—states, provinces, and territories. In your notebook, answer these questions.

## Making Comparisons

- Which state of the United States and which province or territory of Canada have the most people? Is each also the largest in total area in its country? Locate them on the map. What is significant about their locations?
- Which state of the United States and which province or territory of Canada have the least people? Is each also the smallest in total area in its country? Locate them on the map.

*(continued on page 110)*

### Notes:

- \* The federal district of Washington, D.C., is the capital city of the United States.
- <sup>a</sup> In constant 1996 dollars.
- <sup>b</sup> Percentage of the population, 25 years old or older, with high school diploma or higher.
- <sup>c</sup> Includes land and water, when figures are available.
